description

These days aim to help riders improve their horsemanship in a variety of ways. Riders have an hours lesson/ session mostly in the mornings and then have the opportunity to watch the young horse sessions with David. Depending on the stages the young horses are at riders may also have the opportunity to ride out with David on to the Longmyd, where there are many trails to help develop the young horse. For more information please email Tina at infouk@davidstuart.com.au or call on the above number.
